Sculler in 1x and 2x, Passionate about Computer Science and Math, Club Leader

Education

Greenwich Country Day School

Pre-K - Present

GPA: 4.09 W

SAT: 1580 (800 M, 780 RW)

- Enrolled in the most advanced possible courses in all subjects but language
- Took Honors Calculus as a sophomore and self-studied for the AP Calculus BC exam in which I scored a 5- currently enrolled in Multi-variable Calculus
- I am a teaching assistant for two sections of Computer Science 2 in which I grade all assignments and I am in class helping for one of the sections

School Clubs

Computer Science Team

Fall 2022 - Present

Co-Captain

- Co-Captain starting sophomore year of our team of 25 kids
- Led the team to a first place finish in the American Computer Science League in the 2022-2023 season- this season we are now tied for first
- Participated and placed highly in a number of in person competitions
- I manage our social media presence on Instagram as well

Tigerhacks Coding Competition

Spring 2023 - Present

Co-Founder

- Organized and led the Tigerhacks Coding Competition for schools in my local area
- I identified that schools in my area did not participate in many of the competitions that we attended and saw an opportunity to build community
- We successfully ran our first competition with 40 participants from schools in my local area
- Fully designed and tested the problem set for the competition, created merchandise, administered submission platform
- Our goal for next year is to double attendance and prepare future leaders to ensure the posterity of the competition when my co-founders and I graduate

High School Law Review

Fall 2023 - Present

Senior Editor

- Founding member of the High School Law Review club at my school
- Club activities consist of weekly meetings discussing current legal issues, over the course of the year members are to create a legal note reviewing a legal topic of their choosing and then they are submitted for publishing
- The role of Senior Editor was granted to me by the two Senior class Editor-in-Chiefs leaders of the club. As Senior Editor I review and edit all members' legal notes and will next year become Editor-in-Chief

Outdoors Club

Fall 2023 - Present

Co-Leader

- We run events open to the whole school in all "outdoors" related activities including hiking, white water rafting, cross-country skiing, and more
- This Spring 2024 we are planning on running weekly hikes and mapping the trails in our schools woods

Employment History

Coatue

January 2023

Intern

- Worked as a Data Science Intern for Coatue during the 3-week intersession period in which students have the option to participate in an Internship, Independent Study, or school-provided course offering in a topic outside of the curriculum
- Worked with the R programming language analyzing trends in LinkedIn employment data

Mason Street BBQ

January 2024 - Present

- My father and I are partners in Mason Street BBQ a primarily preorder pop-up BBQ restaurant in Greenwich
- On weekends in which I am available I work managing the bagging of orders, giving orders to customers, taking in-person orders, and various other tasks
- I also help manage the social media account which has garnered nearly 2.4 thousand followers as of March 2024

Israel Advocacy

- In Sophomore year I participated in the ALPAC Family Leadership Initiative to enhance my skills as an Israel advocate and getting the tools to speak up in my community to strengthen the U.S.-Israel relationship
- Using the skills I learned at ALPAC and my personal passion for the subject I have been an outspoken Israel supporter in my community, being a primary voice in round-table discussions/debates about Israel open to my whole school
- During this year's intersession period I traveled to Israel to participate in a volunteering mission working to support Israel in the midst of war
- Once I was back I gave a speech to my entire high school detailing my experience in Israel and discussing the impacts of war that I observed

Rowing

Sculler for V-Sculls rowing since Spring of 2021
6'1.5 ft and 156lbs

Spring 2023 - Present
